THIS IS UNEVALUATED INFORMATION

- 25X1X1. The Rumanian- Soviet Institute, in collaboration with the Ministry of Public Instruction, is engaged in reconstructing Rumanian higher education on a Socialist Soviet basis. This system will remove the personality of the professor entirely from Rumanian instruction. Instruction hereafter will be a matter of following handbooks, or sets of notes, prepared carefully by the Institute in accord with the Soviet system.
2. These handbooks, or sets of notes, deal with all problems and supply ideological and disciplinary directives. They also include texts expounding the Soviet methods of instruction. They must be taught to the student, word for word, and learned by the student in the same manner.
3. The following sets have been published:
- |                  |                      |                |
|------------------|----------------------|----------------|
| Marxism-Leninism | - On Materialism     | On Chemistry   |
|                  | On Dialectics        | On Mathematics |
|                  | On Political Economy | On Pedagogy    |
|                  | On History           | On Philosophy  |
|                  | On Biology           | On Geography   |
|                  |                      | On Linguistics |
4. These publications emphasize the great achievements of free Soviet thought and of Soviet science. They profess to unmask the decadence and rottenness of Western science. Students will work for their certificates under this system. They will be examined by the Rumanian-Soviet Institute. The Institute will demand a knowledge of the Russian language before awarding a degree of any kind. All young people seeking a higher education will receive their training in the same manner.
